---

11.30 am Bus shuttle from station Aalen to ZEISS Forum

Noon **Reception & Lunch**

1 pm **Welcome**

Dr. Markus Weber | President & CEO | ZEISS Research Microscopy Solutions

1.30 pm **Keynote Lecture**

**Visualizing Intracellular Organelle and Cytoskeletal Interactions  
at Nanoscale Resolution on Millisecond Time Scales**

Prof. Dr. Eric Betzig | 2014 Nobel Prize Laureate

Professor of Molecular and Cell Biology, University of California at Berkeley | Eugene D. Commins Presidential Chair in Experimental Physics,  
University of California at Berkeley | Investigator, Howard Hughes Medical Institute | Senior Fellow, Janelia Research Campus

2.30 pm **Superresolution Microscopy with Molecular Resolution**

Prof. Dr. Markus Sauer | Department of Biotechnology and Biophysics Biocenter | University of Wuerzburg, Germany

3.20 pm **Revealing the Fastest Processes in Superresolution**

Dr. Rebecca Elsäßer | Business Sector Life Sciences | ZEISS Research Microscopy Solutions

4.05 pm **Coffee Break**

4.45 pm **Factory Tours**

Medical Solution Center

Visit Customer Center ZEISS Vision Care

Bus shuttle to Explorhino Science Center

7 pm **Evening Event at Explorhino Science Center Aalen**

---

Bus shuttle to suggested hotels

### February 28 | Workshop | ZEISS Microscopy Customer Center Europe

---

Bus shuttle from suggested hotels to ZEISS Microscopy Customer Center Europe

8.15 am **Welcome & Organization**

8.30 am **System Demonstrations Life Cell Imaging in 1 h sessions:**

- **Elyra 7** – Versatile Fast and Gentle 3D Superresolution
- **Elyra 7** – Application and Technology of the New Lattice Light Illumination
- **LSM 880 with Airyscan** – Fast and Gentle Confocal Imaging
- **CellDiscoverer 7** – Automated Live Cell Imaging
- **Lightsheet Z.1** – Multiview Imaging of Large Specimens with Light Sheet Fluorescence

2.45 pm **Coffee Break & End of Event**

---

3 pm Bus shuttle to station Oberkochen 3.10 pm / station Aalen 3.30 pm

## Event Information

### Information & Registration

[www.zeiss.com/ngsm](http://www.zeiss.com/ngsm)
