

Informed decision-making every step of the way

Part 1: Diagnostic imaging in disease management

Seeing beyond

Join the ZEISS Symposium at EURETINA Meeting 2023

Friday, 6 October 2023

Time: 1:45 – 2:45 PM CEST (UTC+2)

Room: E102

Jean-François Korobelnik (France)
Moderator

Tunde Peto (Ireland)
“Diabetic retinopathy detection: now and the (near) future”

Katherine Talcott (US)
“Emerging biomarkers in diagnostic imaging (OCT/OCTA/FAF) in exudative and non-exudative age-related macular generation”

Gabor Mark Somfai (Switzerland)
“Multimodal imaging: Visualizing pathophysiology of retinal disease”
