

Fact Sheet

Brief profile

ZEISS is an internationally leading technology enterprise operating in the optics and optoelectronics industries. The ZEISS Group develops, produces and distributes measuring technology, microscopes, medical technology, eyeglass lenses, camera and cine lenses, binoculars and semiconductor manufacturing equipment. With its solutions, the company constantly advances the world of optics and helps shape technological progress.

ZEISS is divided up into the four segments Research & Quality Technology, Medical Technology, Vision Care/Consumer Products and Semiconductor Manufacturing Technology. The ZEISS Group is represented in over 40 countries and has more than 50 sales and service locations, upwards of 30 manufacturing sites and about 25 research and development facilities around the globe. In fiscal year 2015/16, the company generated revenue approximating 4.9 billion euros with around 25,000 employees. Founded in 1846 in Jena, the company is headquartered in Oberkochen, Germany. Carl Zeiss AG is the strategic management holding company that manages the ZEISS Group. The company is wholly owned by the Carl Zeiss Stiftung (Carl Zeiss Foundation).

Sectors

Optical and optoelectronic industries

Revenue

€4.881 billion euros (fiscal year 2015/16)

Segments

	Revenue 2015/16 (in € million)
Research & Quality Technology	1,466
Medical Technology	1,290
Vision Care/Consumer Products	1,089
Semiconductor Manufacturing Technology	972

Sites

Headquartered in Oberkochen, Germany, ZEISS is represented in more than 40 countries around the world.

Employees

More than 25,000 worldwide, including over 10,000 in Germany

Executive Board

Prof. Dr. Michael Kaschke (CEO)

Dr. Hermann Gerlinger

Dr. Matthias Metz

Dr. Ludwin Monz

Thomas Spitzenpfeil (CFO)
