

Contact lenses – little helpers for clear vision.

Providing you with outstanding vision to fit your unique look.

Whether for sports, holidays or cosmetic reasons: in many situations, ZEISS contact lenses are an attractive alternative to glasses. Contacts are fitted, accommodate nearly every type of visual impairment, are easy to use and feature a high degree of wearer comfort – and are even available in fashionable colours.

ZEISS contact lenses.

The alternative to glasses.

One-of-a-kind – just like you. No matter if you wear daily, monthly or tinted contact lenses or if you're looking for the ideal cleaning agent: our comprehensive assortment offers you a large variety and all-in-one contact care solutions – all with legendary ZEISS quality.

ZEISS contact lenses are produced and distributed by [Wöhlk](#).

Optician Search

Find a ZEISS optician near you.

First-rate material and an optimum fit. Leave nothing to chance.

There are three important features which affect the wearer comfort of contact lenses: the quality of the lens, a professional fitting and thorough care using high-quality cleaning, storage and rinsing agents. No matter what kind of contact lenses you choose, they should be fitted by your optician – just like your glasses. Your optician will determine your visual performance, measure the corneal surface of your eye, and check the condition of your tear film so that they can recommend the ideal contact

lenses for you. Show off your eyes – for a long time to come.

Daily contact lenses.

For occasional wearers and anyone who enjoys convenience.

Enjoy maximum cleanliness without lens care with ZEISS Contact Day 1. These high-quality dailies are a comfortable alternative in everyday life, in particular for intermittent use when you're on vacation, playing sports or performing special tasks at work, e.g. in those situations where spectacle lenses might fog up. Practical and useful in many different situations – even if you only wear contacts from time to time.

Did you know that you can, for example, wear your dailies when swimming without any problem?

Monthly contact lenses.

Our solutions for 30 days of great vision.

Easy to use, high wearer comfort. Our ZEISS Contact Day 30 contact lenses provide you with excellent vision – from morning till night. They are available in four different versions:

ZEISS Contact Day 30 spheric:

Our general easy-to-wear standard contact lens.

ZEISS Contact Day 30 compatic:

features greater long-term tolerance and sustained wearer comfort – also recommended for air-conditioned rooms or if you suffer from dry eyes.

ZEISS Contact Day 30 air:

with above-average water content and good wetting properties. The silicone hydrogel material of this contact lens improves the oxygen supply to the eye, making it particularly well-suited e.g. for playing sports or during long periods of wear.

ZEISS Contact Day 30 toric:

Toric contact lenses for correcting an astigmatism.

5 Tips for Contact Lens wearers

1. Many people aren't aware that their contact lenses must be fitted just as carefully as glasses. But keep in mind: a professional eye examination is also necessary for contact lens wearers. Perfect vision and excellent wearer tolerance – these two factors are indispensable for enjoying better quality of life.
